SERVICE 03 — FINANCIAL STATEMENT PREP

Loan, SBA & Investor-Ready Pricing

Flat-fee project, priced by how many years of financials are needed. Every engagement starts with a free review of your books to confirm scope and lock in your exact quote.

Package	Financials Prepared	Flat Fee
Single-Year	1 year of statements	\$800 – \$1,200
Standard	2 years of statements	\$1,500 – \$2,200
Full History	3 years of statements	\$2,200 – \$3,000+

Add \$250–\$500 for rush turnaround ahead of an application deadline. Pricing assumes books are reasonably current; heavier cleanup is quoted separately.

All pricing shown is estimated and confirmed after a free review of your books. Bookkeeping and financial statement preparation only — not tax preparation, filing, or investment advice.
